

I'm writing in regards to keep our 716 area code. We need this to keep for our businesses, schools, and safety people. We can't have this division of our towns. It is a close community and this will be outrageous to have to make a long distance call for only 1/4 mile away. We are not a suburb of Rochester!!! We are a suburb of Buffalo. Try looking at a map of our area. It is obvious. Please keep us the same.
